## Notice of Water Rate Change

The Blue Ridge Rural Water Company (BRRWC) has always been committed to provide the safest potable drinking water to all of its customers at the lowest possible cost. BRRWC purchases water from Greer CPW, as well as Greenville Water. Recently, Greenville Water notified BRRWC that the cost to purchase water would increase starting in 2018. As a result of this rate increase, BRRWC will be passing the cost detailed below, without any additional fees on BRRWC's part, to its customers.

BRRWC will be increasing the residential monthly minimum by 1.04% and the cost per 1,000 gallon charge by 1.58%. This change will result in the monthly minimum to increase by \$0.16 per month and the cost per 1,000 gallon charge to increase by \$0.08. This increase will affect the average residential customer that uses 5,000 gallons per month, by \$0.40 per month.
