

Notice of Water Rate Change

The Blue Ridge Rural Water Company (BRRWC) has been committed to provide the safest potable drinking water to all of its customers at the lowest possible cost for more than 50 years. BRRWC purchases water from Greer CPW, as well as Greenville Water. Currently, BRRWC purchases most of its water from Greer CPW. Greer CPW recently increased BRRWC's cost to purchase water by more than 12.6% on the per 1,000-gallon charge. Because of this increase BRRWC will be forced to increase rates to its customers.

BRRWC will need to increase the monthly minimum by 3.2% on the residential rate and increase the 1,000-gallon charges by as much as 5.2%. **This increase will affect the average residential customer, which uses 6,000 gallons per month, by \$1.58 per month.**
